What is NACTEC?

Together the Bering Strait School District (BSSD) and Nome Public Schools (NPS) developed the Northwestern Alaska Career and Technical Center (NACTEC), a joint-venture regional vocational training center located in Nome. NACTEC was designed to provide Bering Strait School District and Nome Public Schools high school students with the necessary resources and skills for employment opportunities, the pursuit of postsecondary education, and independent living skills through instruction in four focus areas: career and technical skills, career exploration, life skills, and work readiness skills.

Our Facility

One way we support our mission is to make available our dorm, classroom and training facility to organizations interested in creating learning opportunities for their staff, clients or partners. Our dormitory, classroom, multi-purpose room and vocational trades shop are all available at reasonable rates with a signed agreement and while NACTEC is not in session.

Zero-Tolerance Policy

The entire NACTEC campus is substance-free, including all forms of alcohol, drugs and tobacco. All participants are required to abide by this rule, without exception.

Our Rates

NACTEC's facility rental rates are based on professional appraisal and local considerations. We offer three rates. NACTEC has 10 regional partners who are eligible to receive our "Partner" rate; other nonprofit and government groups are eligible to receive the "Nonprofit/Government" rate; private business or other for-profit entities receive the "Private/For-profit" rate. Specific rates may be found on the Facilities Quick Reference Chart, included with this Form. A half-day minimum rental rate is required.

Completing your Request

1. After submitting a Facility Use Request Form, your request will be reviewed and responded to in the order it was received
2. Please allow at least three business days to properly address your request
3. Completing a Request Form does not guarantee or finalize a reservation
4. Status of your request will be determined based on availability and nature of the request
5. You will be notified via email about the status of your request along with any questions
6. A Facilities Use Agreement and deposit or guarantee maybe required to confirm your reservation
7. Please provide as much advance notice and detail as possible. The sooner your request is received, the better we can respond and plan accordingly for your event.
